## **Action Reconciliation Service for Peace German-Israeli Summer Camp 2018**

**Greetings & Mazal Tov for Israel's 70th anniversary:  
German-Israeli youth gathering for research and celebration  
Jerusalem - 07-14.08.2018 >>> Berlin - 14-21.08.2018**

Following the 70th anniversary of the state of Israel we will be holding a summer camp for German and Israeli youth, which will offer a moment to stop and reflect upon the current affairs in Israel and Germany via historical and contemporary questions. Who are we? What is our identity, which we have acquired and shaped over the years, based on? What unites us with others what separates us apart? Who are the "others" in our societies and how do we treat them? What are our affinities to the different religions? How do we relate to the recent and far history of the places in which we live? Which Historical events left their imprint on ourselves? We invite you to ask, confront, search for traces and discover different paths, in Jerusalem and Berlin.
